

For steep passages

MONTA is specially designed for steep walkways. Beside helping to support the hoof, the V-shaped rib profile also promotes the drainage of liquids. Further, the square imprinting between the ribs boosts grip. In practice, the mat has proven its effectiveness on slopes up to 15% grade. It can be navigated in either direction. It is ideal for use on stationary, concrete loading ramps for transporting animals to and from the barn.

- For slopes above 6% grade
- V-shaped rib profile supports hooves
- Compatible with vehicle traffic, e.g. farm yard loader or tractor, up to a max. 10% slope

Technical data

Dimensions (mm / cm)	Thickness	Width	Length
MONTA	24 mm	65 / 130 cm	200 cm

Dimensions (in / ft)	Thickness	Width	Length
MONTA	1"	25 ¼ / 51 ¼"	78 ¾"

Application area
Steep passages with slopes above 6% grade

### Application area

Also for stationary, concrete loading ramps for transporting animals to and from the barn

In practice, tested on slopes up to 15% grade

### Installation and fixing

Single mats are very easy to handle

[Installation instructions](#)

Min. 9 fixings / narrow mat or 10 fixings / wide mat

**KRAIBURG fixing system:** Stable and secure, rounded and countersunk

### Compatibility with vehicle traffic

**MONTA is compatible with vehicle traffic, e.g. farm yard loader or tractor, up to a max. 10% slope** With authorized pneumatic tires for recommended inflation pressure up to max. 4 bar.

[Vehicle traffic specifications](#)

Protect mat edges at the start and end of the mat surface.

#### Note:

Max. half walking speed (approx. 2 km/h)

Drive straight ahead only / do not steer any radius

Do not accelerate or brake on the mat

### Cleaning and maintenance

**Keep mats as clean as possible.** Essential for hoof health and slip resistance!

**Treatment with a high-pressure cleaner and standard cleaning agents possible.**

#### Tolerances

Thickness: +3/-2 mm

Width + length: +/- 1.5% (DIN ISO 3302-1 tolerance class M4)

Please refer to the relevant KRAIBURG specifications and installation instructions, which provide valuable hints and tips.
