

Safety Self-Locking Feed Front SSV

Type SSV = Safety Self-Locking Feed Front with Adjustable Neck Width

Optimum safety for all breeds of cattle and all types of cow sheds: emergency release via low end escape

Features:

- Quiet locking with plastic-coated locking bolt
- Adjustable neck width
- Feed space individually lockable
- Feed front panel can be swung out up to 3.00 m (level installation)
- Angled installation possible

Technical advantages:

- High stability due to massive tubing
- Frame 2" (60 mm) x 2.9 mm, filler bars and yokes 1 1/4" (42 mm) x 2.6 mm
- Long life-cycle due to hot-dip galvanising inside and out
- Low-wear turning link

Safety/cow comfort:

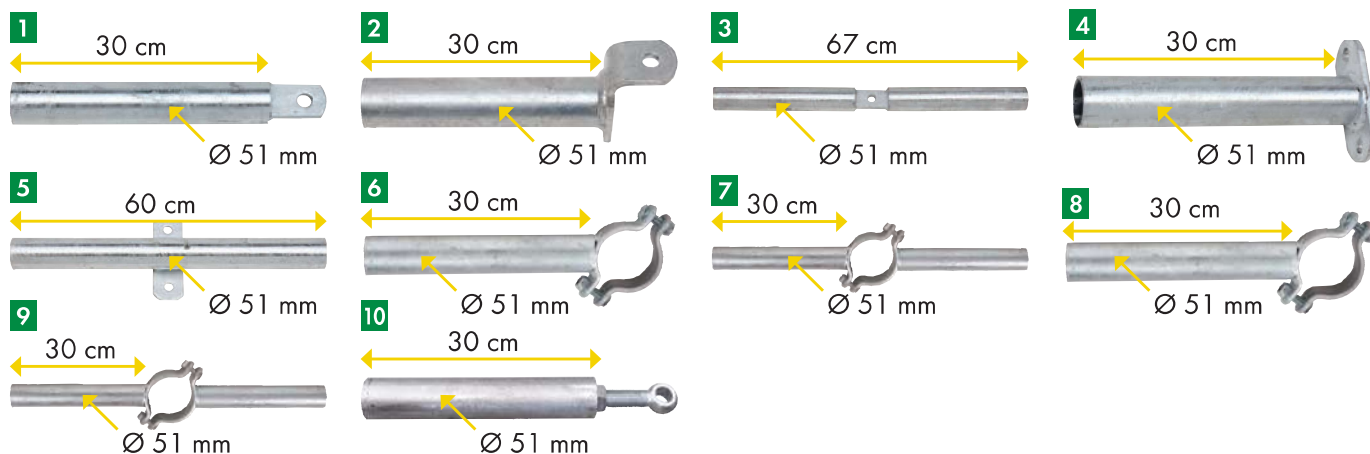

- Safe for calves and collar-wearing animals due to optimised yoke bracket geometry
- Noise reduction due to large, sturdy rubber buffers

Security advice:
Don't leave the stable as long as in position "lock-up"

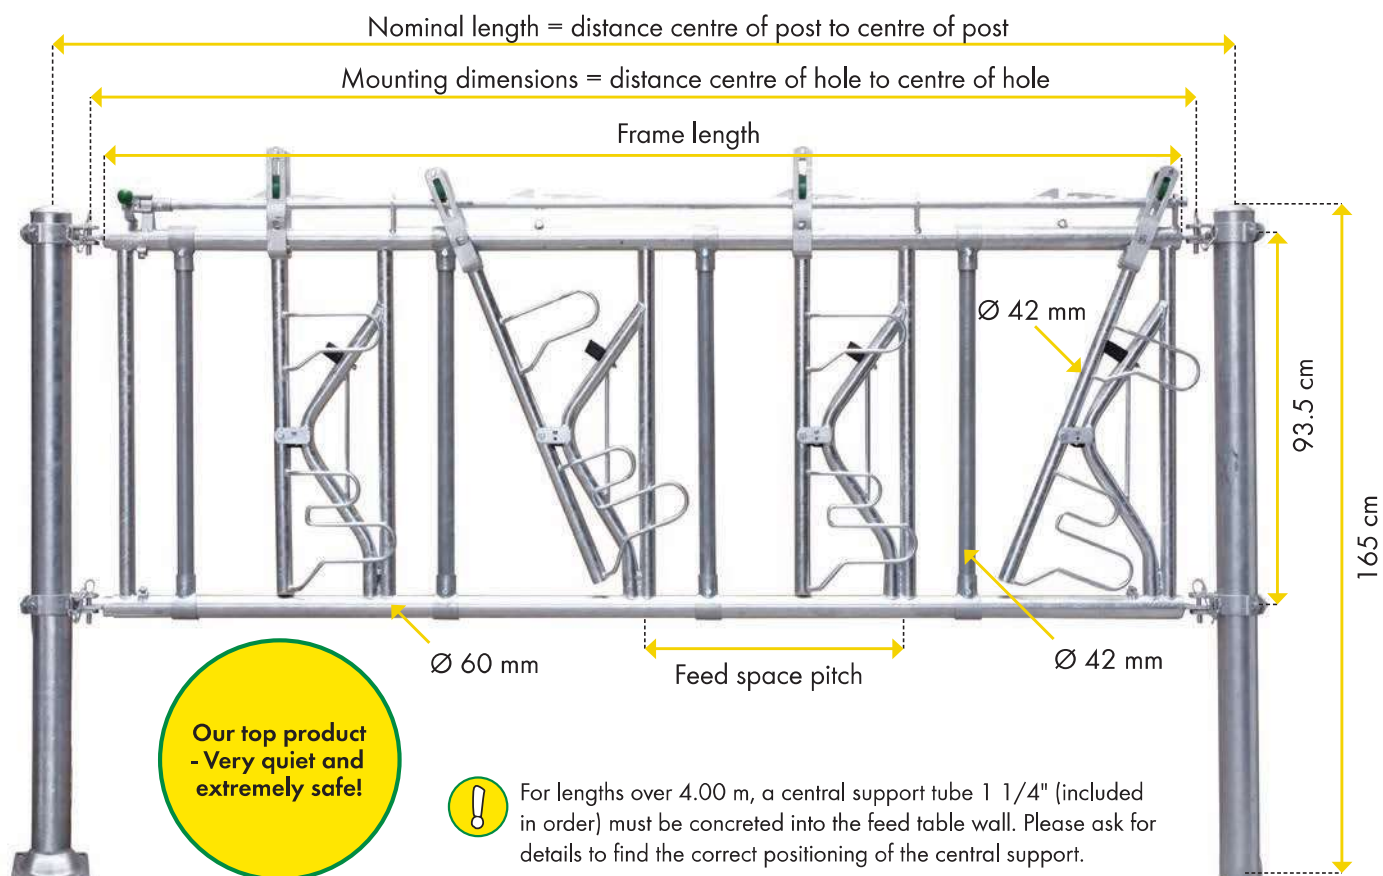

Low End Escape

Extension Sections

1	Telescoping Bracket	Standard	334408	1.4 kg
2	Telescoping Bracket	Standard Angled	334410	1.4 kg
3	Telescoping Bracket	Standard 2-Way	334409	2.3 kg
4	Telescoping Bracket	Compact 1-Way (wall mounting support tubes)	334406	1.6 kg
5	Telescoping Bracket	Compact 2-Way	334407	2.8 kg
6	Telescoping Bracket	Clamp 102 1-Way	334422	2.3 kg
7	Telescoping Bracket	Clamp 102 2-Way	334423	3.6 kg
8	Telescoping Bracket	Clamp 76 1-Way	334420	2.4 kg
9	Telescoping Bracket	Clamp 76 2-Way	334421	3.2 kg
10	Telescoping Bracket	with Eye Bolt	334411	2.2 kg
